JUST YOU AND I

1987's Vice Versa Dance was held March 7th from 8pm. to 12 am. in the Little Gym, which had been specially decorated with hearts for the occasion. Over 60 couples attended the Dance in their semi-formal attires and rocked to the beat of Shy Boy Productions. Pictures were offered as mementos of the event.

The theme of the Vice Versa Dance, "Just You And I" was very suitable since the Dance presented the opportunity for every girl to ask her "Prince Charming" out and arrange all the details for a romantic evening.

Get your hand outta my face!

Wow! Watch him!

Throw it, I can't, it's stuck.

The Golden Cougars started in an excellent season. The Boys Varsity Basketball team bounced through their games with great efforts and enthusiasm. Our team scored nine games out of the eleven played. The best record 88-49 was set during the game against Monroe. Our talented players had great skills for the sport and worked extremely well as a team. Although the size of our players was average, they maintained their positions well throughout their games.

"We are only half way through our season but from the scores of our past games, we have a pretty good chance of making it to the playoffs." Coach Shimizu quoted.

The record of this J.V. Boys Basketball team gives hope to small basketball players everywhere. These athletes had to try specially hard to compete in order to make up for their small size. Their accomplishments thus far is remarkable enough.

These players play their games in their own style. "The team is good. But it doesn't work until the last minute," said Tracy Ball. This is what happened during the Granada game: The team trailed almost throughout the game for about three points. Then, with ten seconds left, Tracy passed the ball to Clent, who made an eighteen footer to win the game.

Since the start of the season, the team, overall, has matured a lot. "To me, basketball is more aggressive game than I thought it was," said one player. Keep it up, guys. The season is rough-water and only the best come through.

VICTORY!

The Kennedy Bee Basketball team showed a great surge of cougar spirit during their fall season of action. The proud coach, Mr. Farlow, is happy to announce that his team was undefeated and labeled them as "REAL PLAYERS." Despite the fact that we almost lost to Cleveland, the victory was ours because of an illegal player.

It's mine!!

1986-1987

The 1986-87 Varsity Football team started the season with much optimism since they had been ranked #3 in the city in the pre-season polls. It came as a shock when Kennedy lost its three non-league games to Crenshaw, Alemany and suffered the agony of defeat in the hands of Banning. The team rebounded as Granada tied them for the league opener. From there on, the Kennedy Golden Cougars ruled with an iron fist over the rest of the league games, ending up with a 3-0-1 record in league play, tied with Granda. The match up for the post-season play was a rematch between Kennedy and Banning. Fans travelled all the way to Veteran Stadium in Long Beach to cheer their team on in the icy and rainy weather. Again the Cougars fell to the Pilots but this time the fans weren't disappointed because they knew that the team had the ability to win and were proud that the team had made it so far into the season. Way to go guys!!!!

Positive Outlook

Starting out as a very "unique" team in which 36 players out of 48 were totally inexperienced, the Kennedy Bee football team showed tremendous talent by coming close to the Championships by a few touchdowns. Despite the failures they had this season, the team is optimistic about their chances next year. Coach Castro concluded that the team has the ability to be the Champions next year.

The members of the Varsity Soccer team proved to be a group of determined players. They had a good year but are still a young team. Most of the members are Juniors and Sophomores with the exception of the few veteran seniors who are showing the ropes to the newer players. Coach Singer is quoted saying, "The team faced a lot of challenges but came out ahead in individual talent."

"A man who gives his best will be a success. A man who gives less than his best is a failure."

They made the city playoffs with seven wins and three losses. The winning season inspired their team. They worked well together and did a fine job. A Few Minutes to Run... 40 Years to Remember!

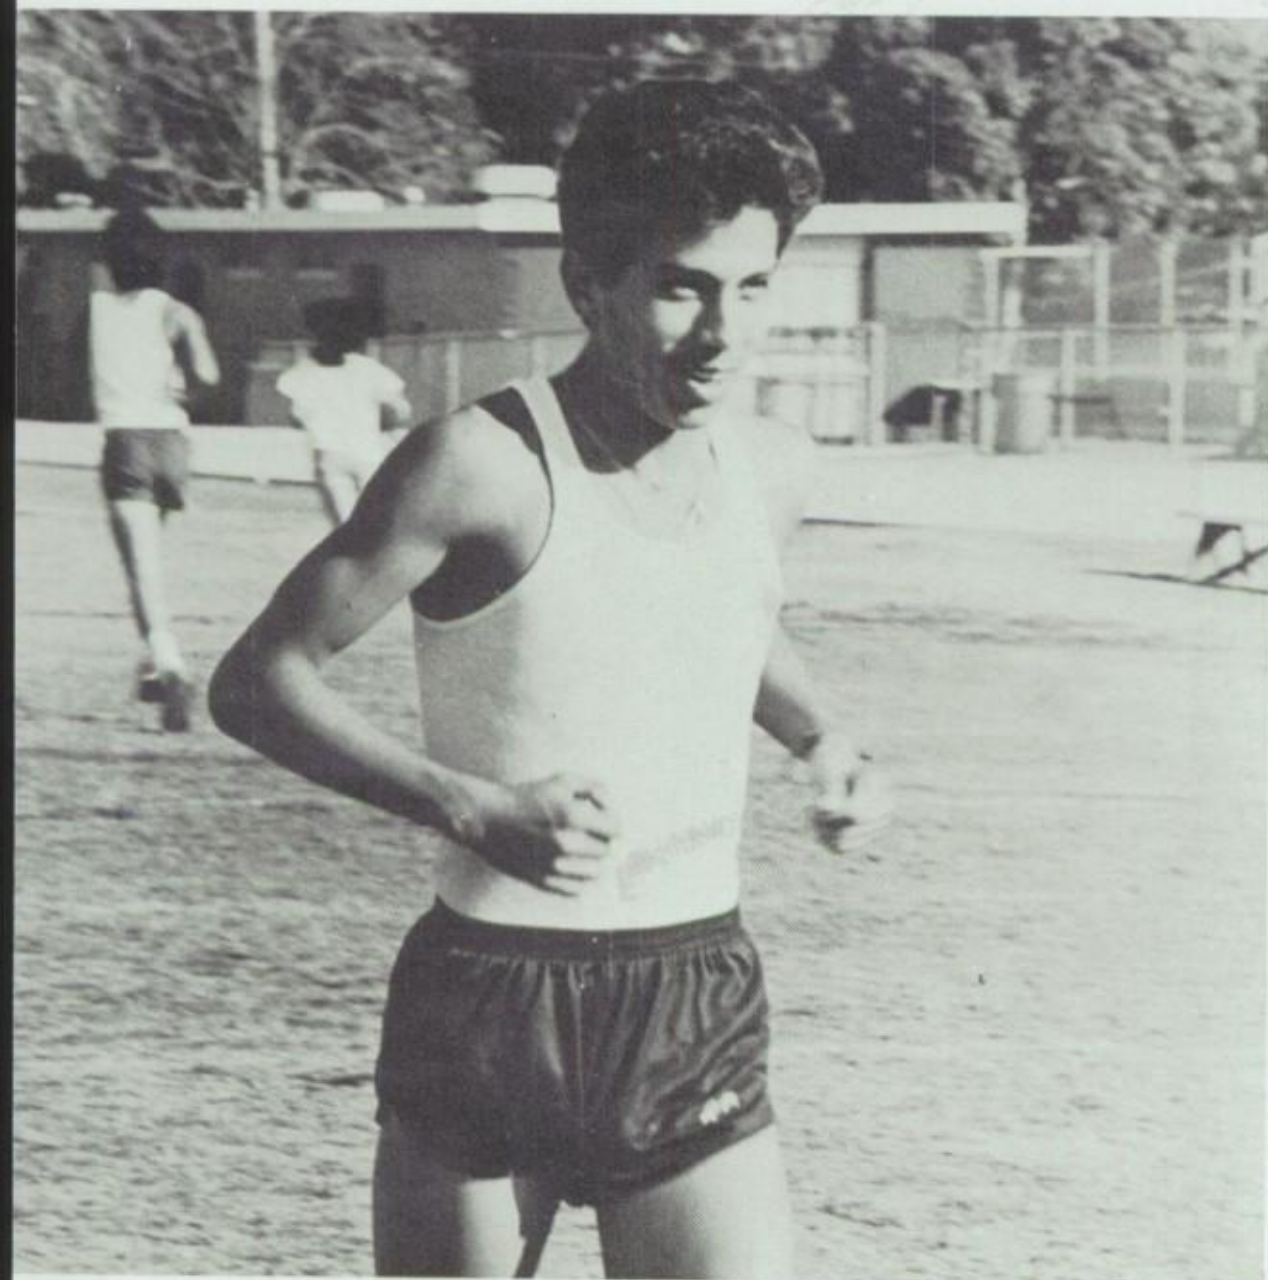

Ed Solorzano's face was beaming when he captured 3rd Place in the City Finals and proved himself to be among the best in Kennedy's history. As the Captain of Kennedy's Varsity X-Country team, Ed led the team to a fine season, finishing up fourth in the city.

Such accomplishments in a team are not at all easy to obtain. X-Country has the reputation of being one of the most strenuous of all sports. Runners, in the height of the season, practice daily for several miles in rugged terrain. Meets are always held at Pierce College where competitions demand determination and strength. Successful X-Country runners are selectively few.

Despite such hard work, it is all worthwhile. As junior Joe Velasco Said, "I love it, and I am happy to be a representative of the school."

"Success in distance running comes from the reckless courage to risk more of oneself in the race than will any of the opposition."

FALL SPORTS

For a group of guys who had never run before, this year's J.V. and 10th grade Cross Country team had done extremely well. The inspiration of this team, agreed by all, comes from "encouragements from friends, fear of losing, and most of all, self-satisfaction in proving one's strength."

Glory Days

This year's team finishes their impressive season as the league champion. Although it is admitted by runners that more practice would definitely have helped, it is certainly true everyone gave their best effort. "This team, over all," said captain Tanya Einem, "is more dedicated compared to that of last year."

SPIRIT

Where would we be without them? Without their dedication and lets not forget their great school spirit? They were there for us in the best and worst of times. Well, I'll tell you where we would be without them, we would be lost! They took the time to make their cheers perfect and supported the teams at all the games. We just want to say "Thanks Varsity Cheerleaders." "You're the best!"

SPIRIT

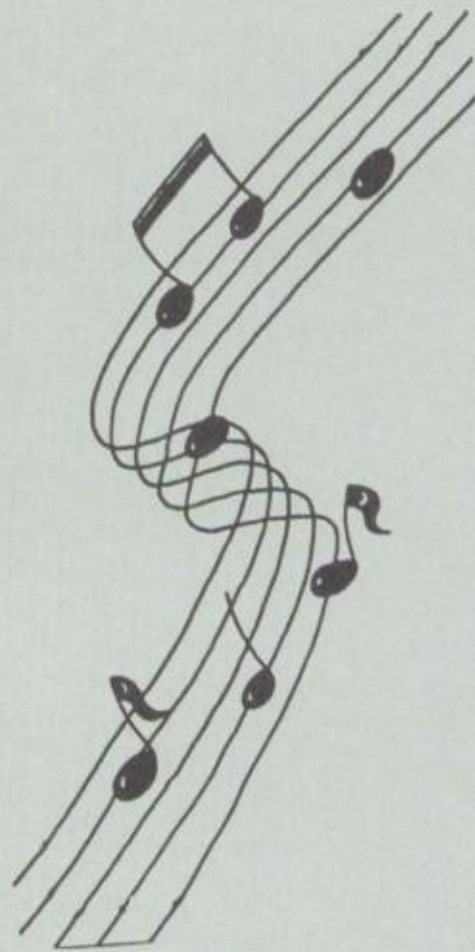

Small . . . But Effective

You see them at football games, cheering wildly and waving their instruments around. You can hear the glee in their playing whenever the football team makes a touchdown. They can barely fill up the stand reserved for them at the games. This small group of Cougars make up the Kennedy Marching Band. They may be small but it is this group of people who made it possible for JFK to be represented at the 86-87 Band and Drill Team City Championships, held at Pauley Pavilion. They played proudly and placed 3rd in the 1A Division. It is the opinion of this writer that they deserved to win 1st Place.

This year's Drill Team was a distinguished group of young ladies. Their talent and dedication led to many outstanding performances. Their long hours of hard work allowed them to keep up their reputation as the best Drill Team in the Valley. We'd like to extend a special thanks, along with our congratulations to every member of the #1 team.

ALL WE WANNA DO IS DANCE!

Fall Dance Production was exciting this year, even though it was new. "We really worked hard but it was worth while." The fun part was working together along with Drill Team and Kennedy Band. We would like to give thanks to Mrs. Bailey, band and Drill Team, the Cheerleaders and the Rowdy Radicals for all their supportive help!

SPIRIT

The Fall 1986 BEE Cheerleading Squad has grown to be one of the more enjoyable squads I have worked with in the last few years. Since last May when the squad was first formed virtually everyone has worked hard to improve their skills, support the school, and to keep their personal differences to a minimum. Their ability to work closely with the Varsity Cheerleaders enabled Kennedy High School to make a clean sweep of the awards last summer.

Under the guidance of Song Queen Elsa Reyna the squad has developed into a closely knit and well disciplined group of individuals. Lillian DeNichillo and Cyndi Escalante gave outstanding efforts in partner stunts, while Lori Metzger and Jennifer Seino "rose to the occasion" in our group mounts.

Jenny Marlowe and Jennifer Seino lead the squad in special skills setting the standards with their exceptionally high kicks, while Jennifer Seino and Cyndi Escalante proved to be the leaders in overall skills.

This year BEE squad has the potential and attitude to develop into an outstanding Varsity squad for next year.

The 1987 Varsity Track Team looks like it just came out of the blues. At the beginning of the season, it looked weak, but through determination and hard work, these tracksters have developed and discovered great skills. This is a disciplined group of athletes who challenge themselves at their events; track is not an easy sport.

When the right time comes, they will have great rewards. The track team is expecting to send several athletes to the State Championship; among them are D. Garret, W. Marshall in sprints, D. Lagos in half mile, E. Solorzano and A. Duran in distances, R. Aguilar in polevault. This team looks very promising and good things are expected.

SPLASH!

"Being small has resulted in meet loses even though individual match-ups resulted in victories. Our women have the potential to go 5-1 if they beat Birmingham and Cleveland.

The men will end the season without a team victory due to team size, not lack of effort or heart. City finals should prove out to be very productive for Kennedy swimming in 1982." Coach Thomason.

TENNIS, ANYONE?

The 1987 tennis season will be a tough challenge to the young group of racketmen. Composed of mostly juniors and sophomores, the team is led by juniors Donald Gutterman and Minh Nguyen, #1 and #2 singles players and Ian Rosen and Scott Shortridge for doubles play. If these players give a mirror-image performance of last year's season, in which both Gutterman and Nguyen went undefeated, this year will be a very promising one. What the team lacks is experience, they make up in eagerness and determination on the court. "Every match would be a battle," comments Gutterman, "we might not win every game, but we won't go down in straight sets." "Most of the players in the team have not played or competed in high school," added Nguyen. "The experience will have to be gained as the season goes along." Only time will tell if they will be successful.

On the edge of life
not knowing where to go from there
one more year of grace
go slow and wise, not through it in a race.
Stop and think here, not stop and party there.
There's things to be done and accomplishments to be won.
Your master of your own fate and keeper of your own destiny.

YOU CAN NOT CONTROL LIFE.
BUT YOU CAN CONTROL IT'S DIRECTION!!!

SPEECH & DEBATE

Speech and Debate is a forensic club which meets every Monday with sponser Carolyn Pierce in room A308. Speech and Debate focuses on helping students improve their speaking skills, delivery and content, and all practical techniques applicable to daily life. Out of school, individuals represent Kennedy by competing against students from other schools in Student Congress Debates, Individual Event Tournaments, and Speaking Contests. The rewards can be phenomenal . . . students gain a broader sense of understanding on a variety of political, social, and economic issues. Trophies, and in speaking contests, cash awards and scholarship money add hearty incentives.

Speech and Debate stresses the importance of individualism and dedication.

CALIFORNIA SCHOLARSHIP FEDERATION

The purpose of Kennedy High School's C.S.F. chapter is to develop high standards of scholarship, service, and citizenship. Students qualify for C.S.F. through excellence in academics and citizenship throughout their high school years. As the biggest club on campus, C.S.F. has drawn almost all of the academically enriched individuals to interact with one another both socially and academically; under the supervision of Richard Sprouse, C.S.F. has grown to be the most popular club on campus, with membership totalling more than 150 members. After many semesters in C.S.F., members will graduate with high honors from John F. Kennedy High School, at the same time retaining that honor at their individual colleges.

MATH HONOR Society

The Math Honor Society and the Math Tutoring Program were founded in the spring semester of the year 1986, with the assistance of principal Jim Ball, vice-principal Harry Haywood, chairmen Les Winters, and John Kofmehl. The program has helped over 300 different students, before school and at lunch during the fall of 86 alone. The peer tutors are scheduled into math classes to assist math teachers in teaching the lesson, help students who have difficulty with the subject or have been absent, and provide any other services dictated by the math teacher they are working for. Tutors are given the opportunity to attend various field trips sponsored by the Math Honor Society. Such trips have included excursions to the Museum of Science and Industry, the Griffith Park Observatory, and a visit to the UCLA campus. Last spring concluded with the first annual awards banquet sponsored by the Boosters Club and the Math Honor Society, which honored those tutors who have shown excellence and superior performance in their work. The Math Tutoring Program has made a tremendous impact on the students at Kennedy. "We are quite satisfied by what it has accomplished thus far. Our desire is that students will continue to feel a burden to assist their peers through this program, and that many other schools will use this project as a model for their own tutoring programs." Said Hubert F. Chow, MHS President.

Publication

The Publications Club is a new club that was originally created to benefit the Yearbook. The purpose was, however, discarded for a new one. Now, the Publications Club is a recognition club. Members keep alert for extremely good and well-written newspaper articles, good photos, good artwork and any other published material. It is their main objective to recognize the people who excel in the mentioned fields, to encourage students to improve their art.

Bottom Row: Tina Jackson, May Westman, Corina Burke, Tricia Schneider, Jennifer Corbett, Anissa Esmail, Sandie Rosales, Mrs. McLendon, Top Row: Christina Dyke, Mychelle Edwards, Melissa Maggs, Dan O'Neill, Brett Merritt, Christiane Parkison, Michelle Barbera.

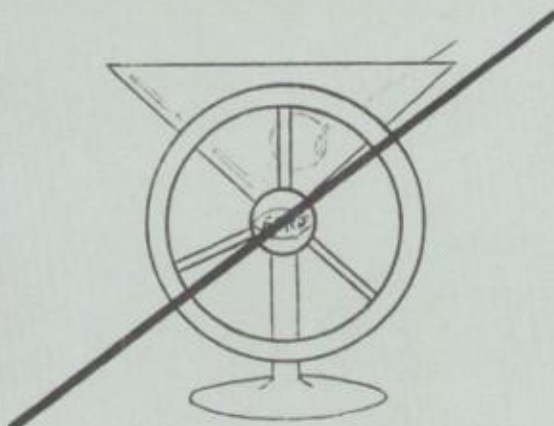

SADD is a group of Cougar students who don't condone under age drinking, but do become concerned when drinking and driving are put together. Their motto is "Friends don't let friends drive drunk."

SADD is a support group helping other students deal with the deaths of injuries of friends or family. SADD also supplies posters around the school that discourages drinking and driving. One of these posters says "There's one for the Road", and it has a picture with a man with only one leg. Most of you have probably seen it, and many more.

Two other things SADD was responsible for were the red ribbons seen all over the school during the middle of the school year, and the wrecked car that was on the quad on May 27th, from 9:30 to lunch. There was a police officer there to answer any questions students had. These things were to let students know about SADD, and help them understand what SADD is about.

It takes a lot of team work, but SADD managed it!

Spring Dance Production 87 was made up of forty-three talented and very enthusiastic dancers, both male and female. They worked very hard to put together a great show for the Kennedy students at the end of May. In the mean time, they kept busy performing at various jr. highs like Sepulveda, Porter, Patrick Henry, Maclay, Frost, and San Fernando and also Tulsa St. Elementary. As a good deed, Kennedy's

Dance Production put on a couple of shows for the patients at the Rinaldi Convalescent Center, Mountain View Hospital, and Valley Hospital. It was very rewarding for our dancers to bring some happiness to the patients. Spring Dance Production 87 would like to thank Mrs. Bailey for the great job she has done to make them successful this year.

The 1986-87 Kennedy Jazz Band had a great start, taking second at the La Mirada jazz competition and first place at the Simi Valley jazz festival. We had a promising year ahead, with strong rhythm and brass sections. Highly acclaimed in competition for it's expertise they may be small but they have proven larger doesn't always mean better.

OH NO! I forgot my music!

Sarandos, G. Counselor

Stocks, J. Counselor

These are the masterminds of the school. The Counselors that help keep the students happy with their guidance and program changes. Without these wonderful additions on the staff the school would be lost. We would like to thank all the counselors that did such a great job this year.

The Communicators is a ethnically balanced of specially selected students, who get together and discuss things for the betterment of the school, to break down the barriers of the school, to break down the barriers of prejudices and stereotypes.

We discuss problems and we are like a Therapy Session. We are rumor control, grafitti control, and anything in general to make Kennedy a better school.

CAREERS WITH CHILDREN is an occupational home economics class. It provides the student with entry level job skills for employment as an aide in preschools, elementary schools, development centers, and recreational facilities. The students in the program learn to operate every aspect of a nursery school, from the business and financial side to learning to relate to the child and his parents. We take our knowledge from the books and apply it to the child.

SWAS: School-Within-A-School. There are 5 teachers, and approximately 150 students.

SWAS has all the regular classes of other schools, but in SWAS you really have to be responsible for your own learning, your own time, and your own self.

SWAS has flexible scheduling for the students. Students usually come every other day. They decide so long as they get their work done, and they show up for class.

SWAS has many activities such as Marine Biology field trips to Marine-land, Anacapa, tidepools, overnight camping in San Diego, and a visit to Sea World. If you are responsible, SWAS is a good experience.

Kennedy's school newspaper, The Word is produced weekly by a well-trained staff. The Word Staff provide the student body with information about school issues and any other issues that would affect the student body.

The Gallery is Kennedy's award-winning creative arts magazine, featuring poetry, short stories, essays, artwork and photography. The work published represents Kennedy's best student efforts, some of which have won or placed in Los Angeles Unified School District contests. Our talented student staff designs, organizes and produces the magazines independently.

This year's staff was made up of some extremely talented people. Each individual contributed a skill that was used to make this year's book work.

As editor, I'm proud to say that the yearbook staff of 1986-87 showed very high quality traits with such words as Determination, and Dedication to keep them going. The yearbook staff should be remembered for their effort, and many hours of hard work.

On behalf of the staff, I hope you enjoy this book, and it will bring you many fond memories of this year you spent at Kennedy. Sincerely Greg Melvin. Editor In Chief.
